## Aims and Scope

*BJS* is the premier surgical journal in Europe and one of the top surgical periodicals in the world. Its international readership is reflected in the prestigious International Editorial Board, supported by a panel of over 1200 reviewers worldwide.

*BJS* features the very best in clinical and laboratory-based research on all aspects of general surgery and related topics. Developing areas such as minimally invasive therapy and interventional radiology are strongly represented.

The inclusion of Leading Articles, Reviews and Original Articles means that *BJS* offers an appropriate format for any length or type of submission; in addition, there are abstracts from key meetings, correspondence and book reviews.

*BJS* will be of interest not only to general surgeons, but also to specialty surgeons and those working in related fields.
